## Oil Free Mute Air Compressor

## Technical Parameter

|                                  |                  |
|----------------------------------|------------------|
| Power (W)                        | 550              |
| Cylinder (mm)                    | 63.7 x 10.6 x 2  |
| Speed (r.p.m.)                   | 1380             |
| Pressure (Bar)                   | 7.0              |
| Exhaust volume (L/min)           | 40               |
| Air tank (L)                     | 30               |
| Net weight (KG)                  | 17.5             |
| Overall dimension (L x W x H cm) | 55.5 x 25.5 x 51 |
